# A LETTER FROM OUR FOUNDERS

Dear Friends & Community Partners,

We are honored to invite you to be part of Beyond BASIC's 2026 Progressive Restaurant Tour, an elevated dining experience that brings together the very best of our local restaurant community for a meaningful cause.

At Beyond BASIC, we serve adults with intellectual disabilities by equipping them with the life skills needed to live independently, confidently, and with purpose. Simply put—we help our Teammates live beyond the basics.

This event is more than an evening out. It is an opportunity to:

- Showcase incredible local restaurants
- Build lasting community connections
- Create real opportunities for the individuals we serve

Proceeds from this event directly support our scholarship program, allowing more Teammates to access life-changing education and experiences. Currently, we serve individuals on scholarship while many more remain on our waitlist—each one representing a life ready to grow within our community.

As a nonprofit, we rely on community support to continue this mission.

**YOUR SPONSORSHIP IS NOT JUST VISIBILITY—IT IS IMPACT.**

Thank you for believing in a more inclusive, connected Summerville.

With gratitude,
