

A Letter from Co-Founders, Ashton Johnson and Molly Smith

Dear Friends and Supporters,

We are thrilled to introduce Beyond BASIC's Progressive Restaurant Tour, an exciting partnership with local restaurants to bring new customers, introduce fresh flavors, and strengthen community connections.

Beyond BASIC Life Skills assists adults with intellectual disabilities in reaching their full potential and contributing meaningfully to society by providing a program that enables independent living skills. Quite simply, we help our Teammates live beyond the basics!

Our goal is to foster relationships that benefit our incredible dining partners and expand opportunities for our Teammates—adults and teens with disabilities—by providing them with meaningful community exposure and connections.

Through this initiative, we want to set an example of inclusion and opportunity and demonstrate how a supportive community like Summerville can flourish. The funds from this event will directly support our scholarship program, which currently assists five Teammates. Eight others are on our scholarship waitlist, and over 40 individuals are waiting to attend Beyond BASIC.

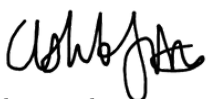

As a nonprofit, we receive no federal or government funding. Instead, we rely on local grants and fundraisers to sustain our educational and care programs. Your participation and sponsorship in this event help us continue to provide life-changing opportunities and support for our community.

Thank you for your generosity and commitment to building a more inclusive Summerville. We look forward to seeing you at the Progressive Restaurant Tour!

With gratitude,

Molly Smith
